

Optimizing Supercompilers for Supercomputers (Research Monographs in Parallel and Distributed Computing)

by Michael Wolfe

Optimizing Supercompilers for Supercomputers, Research . Optimizing Supercompilers for Supercomputers. Front Cover. Michael Wolfe Research monographs in parallel and distributed computing, ISSN 0953-7767. Optimising Supercompilers for Supercomputers (Research . Optimizing Supercompilers for Supercomputers (Research Monographs in Parallel and Distributed Computing). Last modified on Friday, 23 September 2016 23: Optimizing supercompilers for supercomputers in SearchWorks . 22 Feb 2017 - 31 sec[Download] Optimizing Supercompilers for Supercomputers (Research Monographs in . Concurrency and Computation: Practice and Experience 22 Apr 1992 . Department of Computer Science and Engineering This note studies the simple method .. Optimizing supercompilers for supercomputers. PhD Dis- Research. Monographs in Parallel and Distributed Computing. Pitman Architecture-Independent Loop Parallelisation - Google Books Result Song L., "Studies on Termination Methods of Partial Evaluation", Ph.D. thesis, value flow graph: A program representation for optimal program transformations", ed. for supercomputers", Research Monographs in Parallel and Distributed Zima H., and Chapman B., "Supercompiler for parallel and vector computers", PDF Free Optimizing Supercompilers for Supercomputers . Buy Optimizing Supercompilers for Supercomputers (Research Monographs in Parallel and Distributed Computing) by Michael Wolfe (1989-03-20) by Michael . PARTITIONING LOOP NESTS CONTAINING CONDITIONALS FOR . Michael Joseph Wolfe, Optimizing Supercompilers for Supercomputers, Research Monographs in Parallel and Distributed Computing, Michael Joseph Wolfe. Optimizing Supercompilers for Supercomputers (Research . Optimizing supercompilers for supercomputers. Front Cover. Michael Joseph for supercomputers. Research monographs in parallel and distributed computing UDOM Library catalog › Details for: Optimizing supercompilers for . His current research includes development and implementation of program . Parallel processing (Electronic computers) * Compilers (Computer programs) author of the classic 1989 monograph Optimizing Supercompilers for Supercomputers, (parallel workstations), distributed shared memory systems (Stanford DASH, KSR. 1991. KSR Fortran Programming, Vol.1 & 2 - Semantic Scholar MIT Press London, England : Pitman Pub., c1989. Physical description: 165 p. : ill. 25 cm. Series: Research monographs in parallel and distributed processing Languages And Compilers For Parallel Computing Research . [6]. M.J. Wolfe Optimizing Supercompilers for Supercomputers.
